

STAR VISTA

Helping All Ages and Stages Through Life's Challenges

TRANSITIONAL YOUTH SERVICES

StarVista's Transitional Youth Services (TYS) provides housing assistance and case management services to youth ages 18-24. The program supports the successful transition to independence for youth that have aged-out of the foster care or juvenile probation systems. TYS consists of two main components: THP-Plus (Transitional Housing Placement Plus) and Aftercare.

THP-PLUS

The THP Plus Program provides three housing options: Single

Site, Host Site, and Scattered Site.

Single Site: In this option, youth live in a triplex and are expected to meet program agreements and attend a weekly group.

Host Site: In this option, youth live with a supportive adult such as a mentor, relative, coach, or former foster parent.

Scattered Site: In this option, youth rent their own room or apartment. Youth must have an

adequate income and demonstrate advanced independent living skills. In all three housing options, youth receive financial support and must meet with a case manager at least twice per month. Youth are required to engage in at least 30 hours of productive activity per week (i.e. school, work, counseling, etc.).

AFTERCARE

The Aftercare Program provides case management services for youth who were in the foster care or probation systems.
