Through Life's Challenges

TELEHEALTH TEEN GROUPS

Serving teens within San Mateo County

If your teen has been struggling with social isolation due to COVID-19, Star Vista's **Counseling Center** will be offering 6-week long groups beginning in Jan/Feb 2021.

Each group will be 1 hour each week. We are offering a group for middle school students (ages 11-13) and a group for high school students (ages 14-17).

We look forward to providing a space where teens can unplug from their day, be themselves and support one another.

Fee is \$5 per session. If you are unable to afford this, free groups available upon request.

MediCAL-HPSM also accepted
