

STAR VISTA

Helping All Ages and Stages Through Life's Challenges

NORTH COUNTY OUTREACH COLLABORATIVE

StarVista's North County Outreach Collaborative is a San Mateo County partnership between StarVista, Healthright 360, Pacifica Resource Center, Daly City Partnership, and the Daly City Youth Center. The goal of this partnership is to work together to educate the community about mental health and to provide families residing in North County with resources and referrals for comprehensive whole-person care.

Through this partnership we focus on decreasing stigma around mental health, participating in outreach at community events, offering psychoeducation to families, and collectively identifying and addressing needs of families in North County.

Services:

- Provide referrals
- Increase awareness of mental health issues and available resources
- Participate in needs assessments
- Collaborate in planning and providing comprehensive services
